

SENIOR JAVA DEVELOPER

POSITION SUMMARY:

Seeking a software engineer to develop, deploy and maintain web-based software solutions for a Federal Government client.

As one of the technical experts, you must demonstrate technical leadership in systems integration and development activities for the client. Moreover, as a representative of the company, you must possess effective communication and interpersonal skills to build and maintain effective working relationships with the client. Authorization to work in the US is a requirement for this position. Candidate may be subject to a security background investigation.

Position requires strong knowledge and experience with web application development, deployment and maintenance. Experience with HTML design, J2EE development, software architecture and design patterns is required. Must also have experience with Spring Framework, Javascript Libraries including JQuery and Dojo, Apache Struts 2.x, Apache Tomcat 5 or later, Hibernate/JPA, and have a working knowledge of SQL. Candidate will assist with on-going web applications support, administration, documentation and procedures.

QUALIFICATIONS:

Education: Bachelor's degree in Computer Science or related field.

Experience: Five (5) to ten (10) years experience in the design and development of web-based software solutions, including the deployment and support of those solutions.

Skills:

- Demonstrated experience with J2EE, HTML, Javascript Libraries, and CSS.
- Experience with Spring Framework, Apache Struts 2.x, and ORM technologies.
- Demonstrated proficiency in writing SQL and database design.
- Demonstrated experience SVN or any similar versioning tool.
- Demonstrated experience using an IDE similar to Eclipse or IntelliJ IDEA.
- Experience using a database management tool such as TOAD.

PHYSICAL REQUIREMENTS

While performing the duties of this job, the employee is regularly required to talk, hear, and use hands to finger, handle or feel objects, tools, or controls. The employee is occasionally required to reach with hands and arms. Specific vision abilities required by this job include close vision. The employee must occasionally lift or move up to 25 pounds.
